

Wrekin View Newsletter

Message from Miss Stephenson

This week has simply whizzed by, as Wrekin View was a whirlwind of activity! Alongside their outstanding curriculum work, our pupils enjoyed a wonderful Science Afternoon, organised by Mrs Colton-Lowe, Y1 visited Weston Park and we had fun at the Easter Disco's. You should receive your child's termly Learning Passport today, showing the latest progress of your child. We are proud that our children are working hard, enjoying their learning and remembering more.

More and more we are experiencing issues with children online, so I have attached a parents guide to cyberbullying, for your guidance.

Sport's Coach Spotlight

As Mr Mullinder sadly left Wrekin View to move to a new school, we have been able to secure a new Sport's Coach for the summer term.

We welcome Mr Connor Davies who will be joining us from Crossbar Coaching on Monday, Wednesday, Thursday & Friday. He joined Crossbar as a School Sport Apprentice in September 2020, after successfully completing his Level 3 coaching qualification at Shrewsbury College. As part of his apprentice role, Connor supported the delivery of PE and School Sport within a range of different environments. After successfully completing the qualification element of the apprenticeship, Connor then went on to complete his end point assessment. This then allowed him to progress delivering independently, which further developed his confidence in delivery. Within the delivery of PE, Connor has an ability to show empathy towards pupils, and his caring nature allows him to build positive working relationships with the group. His lessons keep pupils fully engaged and his delivery style allows pupils greater knowledge of the skills they are developing, through his ability to ask relevant questions throughout activities.

A Parent's Guide to Cyberbullying

Many young people who are victims of cyberbullying suffer in silence.

They feel they can't turn to parents or a trusted adult for support as they fear they may get in trouble or have their devices taken away from them. It can carry on all day, all evening and all weekend for the world to see, causing a lot of emotional stress to the victim and their family.

It can very quickly lead to the victim feeling trapped, scared and vulnerable to grooming and blackmail.

Online safety is when young people know who they can tell if they feel upset by something that has happened online.

Parents please contact your school to enquire attending their next e-safety workshop or have any concerns.

This Week's Attendance

It can be difficult deciding whether to keep your child off school when they are unwell, particularly in the colder months with seasonal illnesses going around. If you do keep your child at home, please remember to call school on the first day of the absence and keep us updated every day after that. Wherever possible children should be in school so that they can receive their education. The NHS has produced a useful guide relating to the different illnesses that your child might experience and whether they are able to come to school in each case:

Celebrating Success

It's always difficult to choose just one member of the class for Star of the Week. We focus on children who demonstrate our values: Happy, successful, curious communicators, on a personal achievement in class, demonstrating a good citizen or showing good progress.

Numbots & TTRS

As you know, each child at Wrekin View has a log in to the TTRS / Numbots website to practise their fluency of number facts and times table. We encourage our pupils to access this everyday in school or at home as it is fun and helps enormously with Maths.

The log in details are in each child's School Planner or please ask your class teacher, via dojo for the log in.

Here are this half term's [Numbots](#) starts:

1A – Jacob
1B – Margaux

Our half term [Rock Legends](#) are:
